

Wisconsin FAASTeam presents:

'Shelter Cove': IMC Club Fox Valley Monthly Meeting

IFR Scenario presented by Dennis Carew, CFI-I. Bonus opportunity 6:00 pm: "Insider's Tour" of Basler Turbo Conversions. Pilots attending the IMC Club Meeting all be given the opportunity to tour this unique company, which turns DC-3 airframes into State of the Art new aircraft! Use real world scenarios to increase your level of safety in the IFR environment. Safe instrument flying is a matter of mitigating risk, personal minimums and standard operating procedures. If you have and use sound judgment, establish personal minimums and good procedures, you can enjoy a long and successful career of instrument flying. The Fox Valley (WI) IMC Club provides organized "hangar flying" focused on building proficiency in instrument flying. An instrument rating is not required for attendance.

Directions: East side of KOSH Lecture Room -- to the right immediately after entering main entrance.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
